"GAMES BUILT TO LAST"

Dear Friend:
We are proud to introduce to you our exciting new catalog for 2026. This catalog contains our new designs and products, as well as some of the other very popular units that we offer. Please feel free to share any comments and/or feedback to us as well as any suggestions or ideas you may have. We value your opinions and ideas, and we thank you for all the support you have given us throughout the years.

Leisure Activities has been one of the LEADERS in the inflatable industry for more than 30 years. Our company originally started in 1993 in Orlando FL. After 10 years, we moved our manufacturing to China in 2003. Three years later, we purchased the Canadian brand "Leisure Activities LTD", and in 2010 we renamed the company Leisure Activities. Our focus, dating all the way back to 1993, has been to build the trust and reputation from all of our customers throughout the industry by providing the highest quality products that our customers can depend on and expect from us as your manufacturing partner.

We will continue that focus in the years to come with our promise to continue to create the most innovative and highest quality inflatable products available in our industry. These innovative products will result in easier operations for your inflatable business, more smiles from your customers, and most importantly – more PROFIT to your bottom line.

You have many options to choose from when selecting your inflatable manufacturer. Choose a company that you feel most comfortable with based on their customer service, quality products and fulfilled promises. Additionally, make certain that the company you choose carries manufacturers insurance coverage to help protect you in your time of need. We pride ourselves in our service we provide, and our promises we deliver. We have over 30 years of practice to get us to where we are today!

If you are looking for a manufacturer to OEM for you – whether it is for one unit, or for hundreds of units – Leisure Activities has over 30 years of experience and have a team of highly skilled professionals that can bring your idea from concept to completion. If you can dream it, we can build it. Your project will meet your budget expectations, will be on time, and the entire process will be hassle free for you. We OWN our factory and employ highly skilled, professional staff throughout our company – many of whom are fluent in English, which makes working with us that much easier. You are always welcome to visit our factory to view our operations and we will help facilitate your visit if you wish to do so.

We hope that you will allow us to continue to supply you with our innovative, unique products and our customer service, and that you will allow Leisure Activities the opportunity to help you grow and expand your inflatable business now and well into the future. We are very thankful for your business and for the support you have given us over the past 30 years.

We look forward to working with you again soon!

Cao Yu
General Manager

We have been designing and purchasing inflatables from Leisure Activities for more than 10 years. As a major franchise renter of games it was important to find a factory that could deliver our products on time whilst keeping our Intellectual property safe. My company could never had grown like it we did without the support of the staff at Leisure Activities.

I am proud to say that FreeStyle Slides has worked together with Leisure Activities for over 12 years and counting. Not only do they manufacture the highest quality products in the industry but they also maintain the highest level of integrity. As our OEM, together we have developed the best products in the world including many products that have never been conceived of or thought possible in the realm of inflatable technology. I cannot recommend their services enough! Simply put if it weren't for Leisure Activities we would not be where we are today! My sincere thanks to Cao, Elena and the entire staff at Leisure Activities. All of us here at FreeStyle Slides look forward to the next 12 years and beyond!

Stephen Philip, Owner
FreeStyle Slides, Inc.

Our Company has been purchasing Leisure Activities products for over ten years now and their business ethics, quality of product and communication has been exceptional. Their understanding of our strict Australian Standards has been an important part of our ongoing relationship. I would recommend Leisure Activities to any potential buyer as the best inflatable manufacturer in China by a million miles.

We Use Only the Finest Quality Materials in All of Our Products

All of our vinyl is designed to be the strongest, and most supple in the industry. Our vinyl meets or exceeds all FR standards required in the industry today including the NFPA 701 Small and Large Scale standard.

Our Vinyl material are "Lead Free", which means that the lead content in our material is below 90PPM.CPSIA and California Prop #65 compliance limits are 300PPM.

All materials adhere to MFR Methods:

- | | |
|---|----------------------------|
| ASTM-6413 | FTMS 191A METHOD 5903 |
| ASTM-F24 | CAN/CSA-Z267-00 |
| ASTM-F2374 | Australian-AS3533.4.1 |
| ASTM-F963 | BS EN 14960 |
| ASTM-1159(NFPA701-2)
(Large and Small Scale) | Lead free |
| ASTM-1193 | 8P free CPSC-CH-C1001-09.4 |
| CPSC-CH-C1001-09.4 | RPII Registered Member |

All games are sewn using high quality thread from American and Efrid.

Our netting is a small mesh that is easy to see through, and does not allow children to put their fingers through.
Our netting is rated at 10,000 psi, and meets NFPA 701 Small and Large Scale standard.

We use high quality components on all of our products, i.e. hook & loop, clips, webbing, rings, etc...

Products and games are packaged to arrive in a professional manner.

Custom Design Services

If you can envision it, we can likely make it. Many people come to us with new innovative and exciting ideas for inflatables, and many of the ideas are very good! As a rule, Leisure Activities will NOT directly knock off any design of a current manufacturer. We respect the time and effort involved in product design, engineering and manufacturing we will not copy other manufacturers proprietary products. However, if you have something that you have thought about, drawn out and would like to see created as an inflatable product – we are your company to work with. We have worked with numerous business owners in coming up with fun, unique product designs and ideas, and created that product for them. Some customers create the products exclusively for their own company to market and use, while other customers create new products that they allow other companies to purchase and enjoy as well. It is up to you. We will honor exclusive designs and never offer the product for sale to others, or if you allow us to do so we may offer it to other companies as part of our product line. Whatever your intent, we look forward to hearing your ideas and look forward to making them a reality. We are just a call away from getting it started.

About Our Seams

Our Design and Engineering department takes the fabrication of our seams very seriously. Depending on the product you select, we utilize a combination of up to 7 main types of seams in the production of our products. Following are our seam descriptions to better help you understand just how serious we are about building the best quality inflatables found anywhere in the world.

W-PAT Seams

Our new Water-Proof, Air Tight (W-PAT) Seams are revolutionary to the inflatable industry. These seams are the ultimate in strength and are impervious to both water and/or air leakage. Even better, the use of these seams greatly improves the air pressure of any game they are used on.

Heavy Duty With Glue Strips & Spots

This is our strongest seam. Typically it is found on water games primarily to reduce the amount of water that will penetrate into a game. This seam is also found on entry and exits to our slides. By gluing a strip to both panels, the amount of stress put on the threads of a sewn seam is greatly reduced. The strip will pull on the panel in a shear direction and add a tremendous amount of strength to the overall connection. This seam is also found on many of our Gator Mouth™ connections. Some FEC applications will utilize glue spots per the customers request, or as the needs dictate.

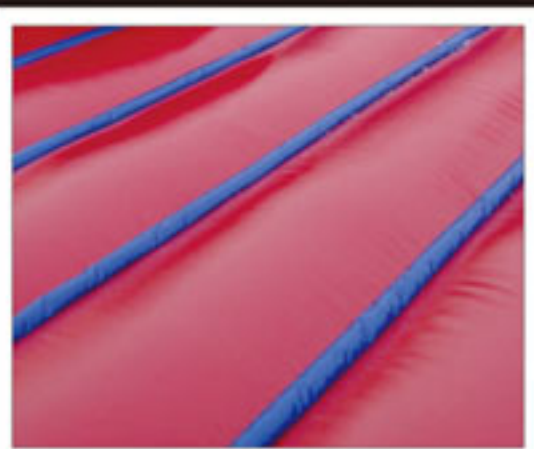

Gator Mouth™ Seams

This seam is a very strong seam that is found on the entrances and exits of our slides, and most places that a middle wall is placed on a game. The Gator Mouth™ moves the seam back up to 8" from where the normal point of impact would be. All Gator Mouth™ seams use a Heavy Duty seam method, and some also incorporate our Glue Strips method.

Standard Features & Benefits

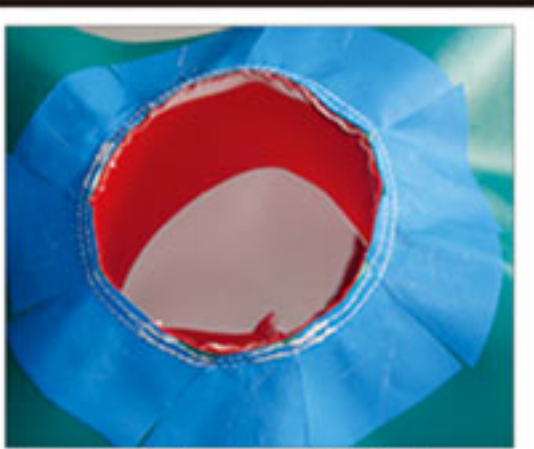

All of Leisure Activities Co.,LTD. products incorporate the following features as standard items where applicable on all of our inflated games. It is important to us that our customers feel confident that the products they purchase will withstand the stresses of daily use by building these features in at no additional charge. Our games are built to last for years of use.

Repair kit

Please Note: Our Limited Warranty and Terms & Conditions are subject to change without notice. Please visit our website for the most up to date Limited Warranty and Terms & Conditions information.

Limited Warranty: Seller hereby warrants to Buyer that any new Products purchased from Seller shall be free from defects in material and workmanship, for a period of one (1) year from the date of delivery (the "Warranty Period"). Seller shall only be liable under this limited warranty (the "Limited Warranty") if the Product is used in the manner intended by Seller as specified in the written instructions furnished with the Products.

Under and pursuant to this Limited Warranty, Seller shall, during the Warranty Period, be liable for the repair and/or replacement of any part(s) of the Products that fails as a result of a defect in the material or workmanship used in the manufacture of the Products. All requests of Buyer for warranty repair or replacement are subject to product inspection at Seller's factory in 2442 23rd Street North St Petersburg FL 33713. Buyer is responsible for all costs of shipping the Product to Seller's factory for such inspection.

Notwithstanding the foregoing, blowers and non-Seller manufactured products, which have been incorporated in the Products by Seller, are warranted directly by the respective manufacturer. For blower trouble-shooting or warranty, please refer to the blower manufacturer manual, which is found in the blower box. There shall be no warranty for misters, soaker hoses or zippers; however, certain other accessories supplied by Seller have a thirty (30) day warranty from date of shipment.

The Warranty provided shall not cover failure due to negligence, misuse, deliberate abuse, nor improper storage, installation and/or maintenance. Any use of the Products inconsistent with the Products' operating instructions shall void the Warranty in its entirety. Any modification of the Product, other than proper installation of Seller provided accessories, shall void the Warranty in its entirety. Any repair or service performed on the Product, unless made by Seller, an authorized service representative of Seller or by the Buyer, in a manner consistent with the following, shall void the Warranty in its entirety:

While the Warranty gives reason to buy from Seller, Buyer must understand that performing their own repairs on the Products is a standard part of owning inflatables, especially (but not limited to) Seller Products incorporating water games. If a hole or small tear occurs, Buyer may repair the Products with the repair kit included with the Products.

While every effort has been made to provide accurate information, Seller is not responsible for errors and/or omissions within its catalog and any dimensions shown within the catalog are approximations only and are not a guarantee of final product dimensions. The color, artwork and design of Seller Products are subject to change without prior notice and such changes shall not be considered defects. Seller reserves its right to change, without notice, the Warranty, terms and conditions, prices and specifications offered by Seller.

Seller makes no other warranties, either expressed or implied on its line of products. Any and all used Products sold by Seller are sold "as is" and without warranty. Further, any and all prototypes sold by Seller are sold "as is" and without warranty.

Cancellation: Cancellation of all or part of any order is subject to Seller's prior written consent in each instance. If cancellation is permitted, Buyer agrees to pay to Seller all expenses incurred and damage sustained by Seller on account of the cancellation, plus reasonable profit.

Return / Exchange Policy: It is important to Seller that Buyer is satisfied with the Products. Should Buyer not be pleased, Buyer is permitted to return Products within fifteen (15) days of receipt subject to the following:

Condition of Products: In order to qualify for a refund, exchange or credit, the returned Products, or any portion thereof, must be complete, unused, unwashed and in the original unopened packaging with all tags, instructional brochures and promotional materials still securely attached. Buyer shall be responsible for all shipping costs associated with any return or exchange of Products.

Refunds: Any refund of Price, or portion thereof, shall be credited to Buyer in the same manner as payment made for the Products.

Return Fee: For any Products returned for reasons unrelated to a warranty claim, a restocking fee of twenty-five percent (25%) of the Price of the Products shall be paid by the Buyer.

Method of Return: Returns shall only be accepted if the Products are sent to Seller via U.S. Postal Service. Seller will refuse shipment of any return not shipped via U.S. Postal Service. Seller will refuse any shipment marked C.O.D. Any and all shipments must be insured and capable of being tracked. Seller is not responsible for Products lost or damaged in shipping.

All sales become final sixteen (16) days after Buyer's receipt of the Products.

Notwithstanding the foregoing, all sales of promotional, clearance, sale, seasonal and special-order or custom Products are final and not eligible for refund or exchange.

Custom Products: Seller shall provide to Buyer 3D renderings of proposed Custom Products for Buyer review and approval prior to commencement of manufacture. Seller shall consult with Buyer to resolve any design concerns prior to commencement of manufacture, however, Seller shall not be responsible for any design defect related to Buyer approved renderings nor shall Seller be held liable for any incidental, consequential, punitive, reliance, delay or special damages, losses or expenses arising out of or related to Custom Products manufactured by Seller or in any way connected with the use of, or inability to use, the Custom Products for any purpose whatsoever.

Please visit our website for the most up to date Limited Warranty and Terms & Conditions information. However we will not be responsible for errors or omissions.

Prices and specifications are subject to change without notice. All dimensions shown are nominal, not actual. We have tried to be as accurate as possible in creating this catalog, however we will not be responsible for errors or omissions.
